

GE Profile™ 30" Built-In Knob Control Electric Cooktop

Model# PP7030SJSS

- Five radiant cooking elements - Cook foods quickly and evenly on this sleek, glass surface
- Power Boil Dual-Ring Element - Use different pan sizes on this powerful 3,100-watt flexible element that produces concentrated heat for rapid boiling
- SyncBurner - Evenly heat large cookware (griddles) with two 7" synchronized elements you can control with the touch of a button
- 2nd Power Boil Dual-Ring Element - Use different pan sizes on this 2,200-watt flexible element
- Keep Warm Setting - A fully functional 6" element has the power to boil water and can keep food warm thanks to GE's lowest heat setting
- Melt Setting - Gently melt delicate foods without scorching thanks to a convenient melt setting
- Control lock capability - Protects against unintended activation
- Red LED backlit knobs with black glass surface and stainless steel trim - Achieve a modern look with the convenience of knob controls that complements the entire kitchen and other stainless steel appliances
- Hot surface indicator lights - Know when elements are too hot to touch with a quick glance
- Cooktop "On" indicator light - A light lets you know when an element is active
- Fit Guarantee - Replacing a similar cooktop from GE Appliances or another brand? GE cooktops
