

GE Profile™ 30" Smart Built-In Convection Single Wall Oven with No Preheat Air Fry and Precision Cooking

Model# *PTS7000BNTS*

- Built-In WiFi, Powered by SmartHQ App - Connect, Control and Manage your oven from anywhere with your smartphone or tablet
- Better When Connected - Ensure your oven always has the latest features, like new Air Fry modes, with downloadable software upgrades
- No Preheat Air Fry - Cook healthier, crispier versions of your favorite foods in less time, thanks to an air fryer right in your oven that doesn't require preheating, a basket or a special tray
- Precision cooking modes - Achieve perfect results with automatic adjustments to oven temperatures and cook times
- Anywhere control with remote notifications - Save time by conveniently preheating and monitoring your oven from anywhere using the SmartHQ App
- Remote Temperature Probe - Know exactly when your dish has reached the perfect internal temperature with temperature readings that you can view using the SmartHQ App
- True European Convection with Direct Air - Faster more even results for roasts, chicken, turkey and other special-occasion favorites, with the only cooking system that delivers true top-down convection
- Brilliant touch 7" display - A bright, interactive touch screen makes it fun and easy to program the oven
- No preheat options - Save time with a variety of precision cooking modes that eliminate the need for preheating
