- **Modern Design** - The modern design on this wine center features a sleek handle and glass door with stainless trim that will integrate into your kitchen beautifully
- **Dual Zone Temperature Control** - This wine center has two distinct zones that maintain any temperature between 43 and 62°F to keep both red and white wines at the perfect serving temperature
- **Sliding Wine Racks** - Six wine racks with wooden fronts easily slide in and out so you can effortlessly load and unload bottles
- **44-Bottle Capacity** - Enjoy plenty of space to store all your favorite red and white wines
- **Recessed LED Lighting** - Recessed LED interior lighting helps you locate items quickly and easily
- **Built-In Capable** - This wine center can be built-in so it fits flush with your cabinetry
- **Freestanding Capable** - This wine center can be freestanding
- **Digital Temperature Controls** - Upfront digital temperature controls are easy to access and let you store items anywhere between 43 and 62°F
- **Stainless Steel Handle** - This stainless steel handle has a clean, classic look that will complement your kitchen
- **Glass Door** - A tinted glass door with stainless steel accents has a high-end, modern appearance that will blend well with your other appliances and décor
- **Door Alarm** - An easy-to-hear door alarm makes sure you always know when the door has been left open, so you can save refrigerated items and energy

- Wine Center Power Button - Use a power button to turn your wine center on and off without needing to access the plug
- Interior Lighting Power Button - Use a power button to turn your interior lighting on or off
- Triple Pane Glass Door Fridge - The triple pane glass door improves temperature stability, reduces condensation and enhances energy efficiency compared to a double pane glass door
